

GEN-TX Wireless Transmitter

Comprehensive Protection

GEN-TX is a Wireless transmitter, which is designed to be compatible with Optex motion detectors. With GEN-TX installed, the PIR motion detector can be incorporated into Climax security systems.

GEN-TX provides easy installation. By connecting the tamper cable and power cable on the Optex device, the tamper / motion detection / power signals will be transmitted to the Climax control panel. Users can easily monitor their homes and premises with peace of mind.

Features

- Incorporate Optex motion detectors into Climax F1 Security Systems
- Randomized supervision signals to check system integrity
- Easy installation
- Low battery detection

Specifications

Frequency	F1 868 MHz / F1 433 MHz
Power Source	3V CR2 Lithium battery x 1
Battery Life	3.4 years*
Operating Temperature	-10°C to 45°C (14°F to 113°F)
Operating Humidity	Up to 85% non-condensing
Dimensions	70 mm x 25 mm x 17 mm

* Note: Actual battery life may vary with product settings, operating environment, and usage patterns.
