## Straight Arm Barrier

- Barriers with 3 m (9.84ft) or 4 m (13.12 ft) arm are available. For the 3 m (9.84 ft) models, each of the two sections of the arm is 1.5 m (4.92 ft), and the barriers enjoy fast opening/closing time of 0.9 s or 1.4 s. For the 4 m (13.12 ft) models, each of the two sections of the arm is 2 m (6.56 ft), and the barriers enjoy fast opening/closing time of 2 s.
- 12V DC output.
- Opening and closing signal output.
- Anti-drop function realized by connected radar, coil, or IR sensor.
- Support remote control, with maximum distance of 50 m (164 ft).
- Operating temperature:  $-40^{\circ}\text{C}$  to  $+70^{\circ}\text{C}$  ( $-40^{\circ}\text{F}$  to  $+158^{\circ}\text{F}$ ).
- Operating voltage: 220V AC $\pm$ 15%.
- Protection grade: IP65.

### System Overview

The barrier primarily consists of top cover, casing, drive unit, control box, and barrier arm (either at the right side or at the left side). It can be used together with radar for access control.

The barrier is applicable to access control for residential areas, hotels, governments, supermarkets, schools, airports, factories, public security and judicial organizations, ports, terminals, hospitals, etc.

### Functions

#### Outstanding Performance

Automatic lifting when the barrier arm meets obstacle.  
Automatic opening in case of power failure.

#### Impressive Reliability

Driven by AC variable frequency motor, and equipped with well-designed transmission mechanism and balance spring, the barrier enjoys stable and reliable operation, with lifespan of motor and spring up to 5 million times.

#### Corrosion Resistance

Casing in aluminum alloy and sheet metal, and the surface is treated with spraying process of ultra-fine silver powder, ensuring high corrosion-resistance performance for 10 years.

#### Security and Safety

Designed with buffer strip on the arm for enhanced safety. The buffer strip is made of high-molecular-weight polyurethane (PU) which keeps soft and not stiff in cold environments, enjoying lifespan for more than 10 years.
